# Spring 2019 Workshops

**ACE Level 1 March 22-24**

**ACE Level 2 March 29-31**

These three-day workshops begins at 9:00 am and concludes 5:30 pm each day Successful completion earns 22 NCBTMBCE credits. **NCBTMB Provider #312464-00**

**Certification** entitles the practitioner to a **referral listing on our national websites** and a wall certificate.

**Instructor reserves the right to grant CEs and delay certification if competency in the techniques is not established.**

Please be prompt and dress comfortably. We suggest bringing a sweater or light jacket for warmth and water for hydration. Lunch will be determined each day by the presenter and will be one hour long.

## **What to Expect from Class**

Expect the unexpected! Each student responds to this modality based on their condition at the time. There is a high level of hands-on work, much more VacuTherapies™ than would normally be done for a client.

Keeping warm and adequate hydration assists any processes that may develop. Participants who have not received regular bodywork may experience remarkable changes. These experiences are necessary for the practitioner to fully understand the complex effects of this technique.

## **Supplies Needed for Class Participation**

Students are requested to bring:

- One set of sheets
- One small towel
- Two bath towels- **Level 1 only** (may be borrowed from hotel room if needed.)
- Massage oil, lotion, gel or cream (unscented)
- Queen size blanket- **Level 1 only** (may be borrowed from hotel room if needed.)

**All equipment will be supplied at the workshop site. Please feel free to bring any other equipment that you would like to work with and/or show the group.**

## **Here are some hotel options if needed:**
